Fruit Fly BarPro Fly Strips

- First and only product creation that has been **tested and proven 100% effective** for complete elimination of fruit fly infestations in the food service industry.
- **Complete elimination in under 24 hours**, when used properly. (No other product/service guarantees complete elimination.)
- Continued protection with **time controlled vapor release for up to 4 months** providing 24/7 protection.
- **Prevents future infestations** by killing adult flies and early stage larvae.
- \$40 million in data with the U.S. EPA — **EPA APPROVED** and labeled for use **inside food service establishments**. Registered in all 50 states.
- **Product is safe around humans** and mammals when used properly.
- **Vapors are clean and odorless. Leaves no residue.**
- Made in the USA.
- Used and trusted by Dunkin Donuts, Applebee's, Chick-fil-A, and numerous other popular chains.
